GEMS PAVILION

the SPARKLES

Inspired by ‘sparks of happiness’, The Sparkles collection is reminiscent of the laughter and excitement that fill the air in those blissful and precious moments in our lives.

Cushion-cut and Tapered-cut diamonds are arranged in sunburst-like motifs to signify the flashes of lights in celebrations, making the collection come to life, a joy to behold. Every aspect of this collection evokes the uplifting spirit of creativity and fulfillment; even the designs contain unique elements that allow a variety of ways to wear and enjoy each creation.

Our refined craftsmanship, exquisite materials used, along with the innovative designs are what makes our creations so special, elegant, unique and most importantly, bring sparkles into your day.
