THE PRISM COLLECTION

This philosophy still echoes in the latest collection 'The Prism', which is inspired by the distinctive colours of precious gemstones, namely the green colour from emerald, the blue colour from sapphire and the red colour from ruby. The colours are matched with diamonds and 18k white gold to create the special brilliance through a set of fine jewellery pieces that can be paired with various looks.

THE PRISM COLLECTION

The diamond earrings decorated with gemstones come with great variations that could fit both casual and formal occasions, while the diamond rings with gemstones can be worn alone on each finger or worn in a stack in one finger. Stacking rings decorated with brilliant gemstones make simple diamond rings look more interesting. Furthermore, diamond bracelets with gemstones combine eye-catching patterns with feminine details that are extremely delicate yet very cool to wear.
