

A woman with long brown hair, wearing a black long-sleeved dress, is shown in profile, looking upwards. She is wearing a diamond ring on her right hand and diamond earrings. The background is a soft, out-of-focus sunset or sunrise over a body of water.

THE TWINKLE

SPRING/SUMMER 2021 COLLECTION

GEMS PAVILION

Unique jewellery pieces make everyday special
and let you shine in your own way.

This philosophy has been part of Gems Pavilion,
Thailand's fine jewellery maker, since its conception
in 1996 and is strongly present in every collection
created by the jewellery house, including its latest collection,
The Twinkle, inspired by pure diamond sparkles that
allude to brilliant stars in the night sky.

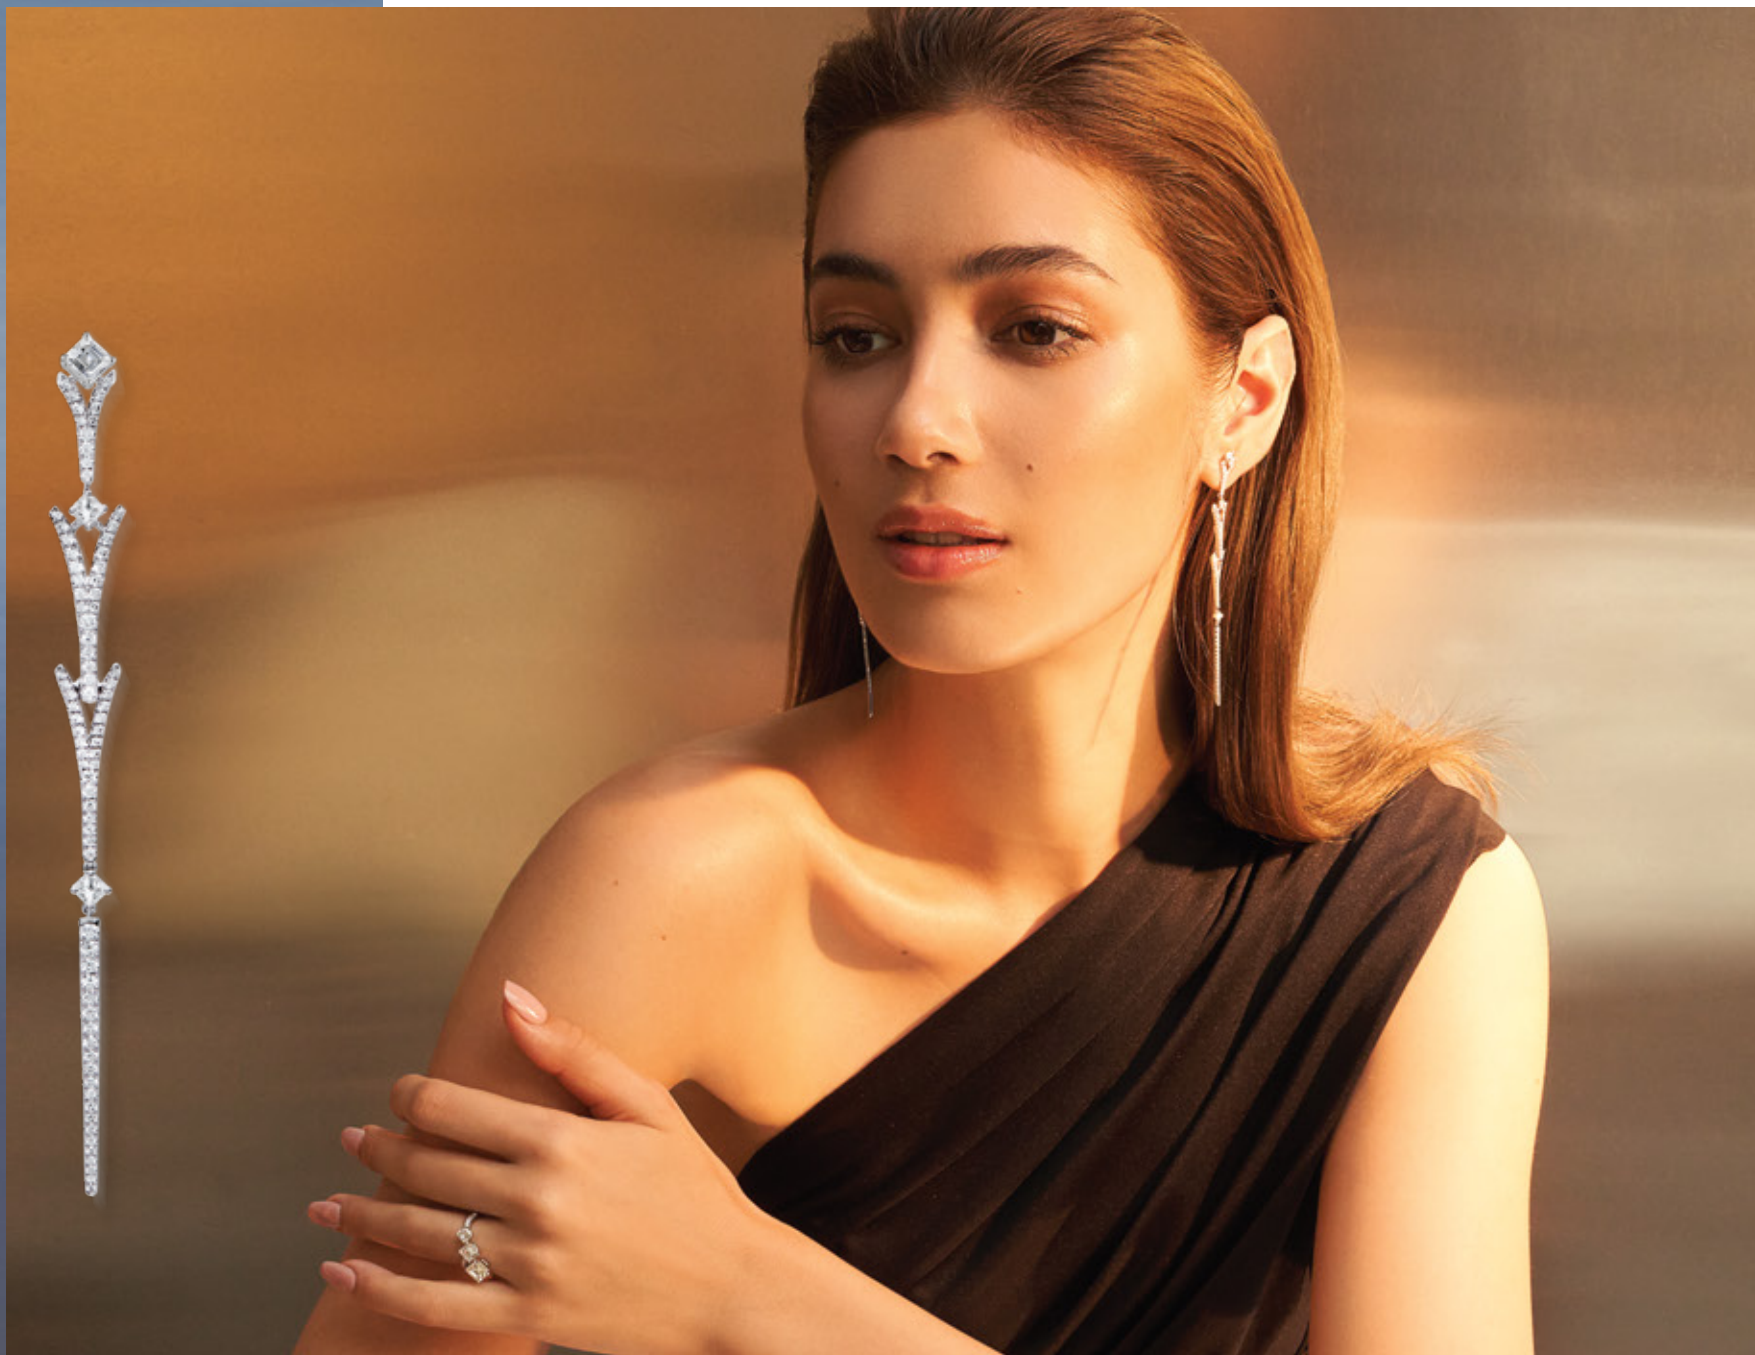

With reference to the star patterns in the vast universe,
The Twinkle collection boasts the beauty of delicate
asscher and princess cut diamonds that
majestically reflect light and create sparkles like
beaming constellations in the sky.

GEMS PAVILION

Twinkling diamonds graciously frolic with sheer contemporary lines of rings and earrings, reminding us of **the beauty of shining stars in the darkness of the galaxy.**

- attractive, mysterious and alluring in every possible way.

The Twinkle collection is ideal for a woman who embraces difference. **She seeks new looks and chooses to shine in her own way.**

The rings and earrings in this collection are created to be mixed and matched for any time and occasion, from casual to formal, from working days to date nights.

With the sleek and light shapes, every piece of jewellery
in The Twinkle collection is delicately crafted from
the finest materials by the hands of Gems Pavilion artisans.

When contemporary design meets supreme quality
and fine craftsmanship, the result is the jewellery creations
with unique beauty and values that transcend time.
